PROFESSIONAL SUMMARY

Freelance Full Stack Developer specialising in relational databases (PostgreSQL, MySQL), with hands-on experience designing and deploying complete web applications: React interfaces, Node.js/Express RESTful APIs, and database modelling and optimisation. Holder of a BTS (Higher Technician Diploma) in Databases and Web Development, currently enrolled in a Professional Engineering programme in Systems Administration, Networks and Cybersecurity. Seeking a permanent position as a Full Stack, Frontend or Backend Developer, or as a Database Technician.

TECHNICAL SKILLS

Frontend:	React.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Material-UI
Backend:	Node.js, Express.js, PHP, RESTful APIs, third-party service integration
Databases:	PostgreSQL, MySQL, SQL Server, relational modelling, query optimisation
Tools & DevOps:	Git, GitHub, Docker
Languages:	Arabic (native), French (fluent), English (fluent), Spanish (intermediate)

PROFESSIONAL EXPERIENCE

Freelance Full Stack Developer 2024 – Present

Freelance – Various client projects

- Built complete web applications with React.js and Node.js, from requirements analysis to deployment.
- Designed and optimised MySQL and PostgreSQL databases.
- Built RESTful APIs and integrated third-party services.
- Managed projects end to end: requirements analysis, development, production release.
- Worked directly with clients to define technical specifications.

PROJECTS

Graduation Internship Management System 2025

Final-year project – Ibn Rochd SUP

- Full stack application with a decoupled frontend/backend architecture, covering internship applications, assignments and tracking.
- **Stack:** React.js, Tailwind CSS, Material-UI, Node.js, Express.js, PostgreSQL.

Computer Store Inventory Management 2024

End-of-cycle project – Ibn Rochd SUP

- Web application for managing computer products with full CRUD functionality.
- **Stack:** HTML, CSS, JavaScript, PHP, MySQL.

EDUCATION

Professional Engineer – Systems Administration, Networks and Cybersecurity (ASRC) 2025 – Present

Ibn Rochd SUP

BTS in Databases and Web Development (graduated) 2022 – 2025

Ibn Rochd SUP

OBJECTIVES

Join a collaborative development team, specialise in data-intensive business web applications, and grow into a Tech Lead role leading full stack projects.
